

SMART Board® MX Pro series

Interactive displays with all the essential tools teams need at a great value, designed and built to provide ROI for years to come.

65" | 75" | 86" -

iQ embedded computing

Switch with a tap from showing a video to writing on the digital whiteboard to surfing the internet – to keep ideas flowing.

Flexible connectivity

Connect computers and storage media through the display's upgraded ports including convenient front-facing options.

Commercial grade

MX Pro series is rated for 50,000 hours of reliable use and SMART's Accelerated Life Testing ensures less downtime and longer life.

Unparalleled Collaborative Experience

Today's workflows are about going beyond communicating to collaborating. SMART has spent 30 years designing hardware and software solutions that work together to create interactive environments.

Multiple users, tools and colors at the same time

Simultaneous Tool Differentiation frees multiple colleagues to write, erase and move notes at the same time. **Object awareness**™ detection automatically makes pens write, fingers move and palms erase.

Write and save notes directly into applications

SMART Ink® software lets teams write over videos and into **PDFs**, **Microsoft Office**® **files** and websites, then save notes in almost any file type. Convert notes to text and access spotlight, magnifier and screen shade tools.

Built to use. Built to last.

Durable and commercial-grade, SMART Board Pro displays have received many safety, regulatory and environmental certifications, giving you peace of mind that they adhere to government or other regulatory requirements.

- 4K 4K Ultra HD resolution
- Accelerated Life Testing
- LED rated for 50,000 hours
- Fully heat-tempered, anti-glare glass
- Silktouch™ frictionless surface

- ENERGY STAR® certification
- Conflict-free materials and sourcing
- Regulatory and environmental certifications
- SMART Assure warranty*

Do More in Your Workspaces

Together with **SMART** collaboration software and flexible computing options, SMART Board Pro displays enable limitless collaboration.

SMART collaboration software is designed to give teams endless ways to brainstorm, innovate and share content.

SMART Meeting Pro® software

With one-touch meeting launch, a connected whiteboard, wireless screen sharing and PDF summaries, SMART TeamWorks is your end-to-end collaboration solution.

Capture ideas in the Unbound Workspace that expands as colleagues add images, files, links and notes – even over multiple displays and meetings.

Flexible computing options put everything teams need to seamlessly access and transition through a variety of content in one place.

] iQ Android[™] experience

iQ provides teams one-touch access to collaboration tools including a whiteboard, web browser, apps library and native, wireless screen sharing

Windows® experience

Give your team access to Microsoft Office files and all their applications on a full Windows 10 Pro computer right at the display.

Get the most out of your SMART solution -

We're with you every step of the way. Our support services, training and technical support resources provide peace of mind that your technology investment will provide results.

Support Services

Maximize uptime and protect your investment with SMART's flexible, comprehensive business service plans to meet your unique support needs.

Training

From quick-reference guides to video tutorials, SMART offers free training resources to ensure quick adoption of your technology solutions.

Technical Support

So much more than downloads and guides, SMART support has tons of resources to get you started and a thriving community of users to tap into.
