EVOKO

about evoko

Evoko creates, markets, sells and supports clever workplace solutions for the modern office.

Our mission is to help organizations get pleasurable business advantages. We do this by delivering complete worktech solutions with a sublime user experience as well as clear return on investment.

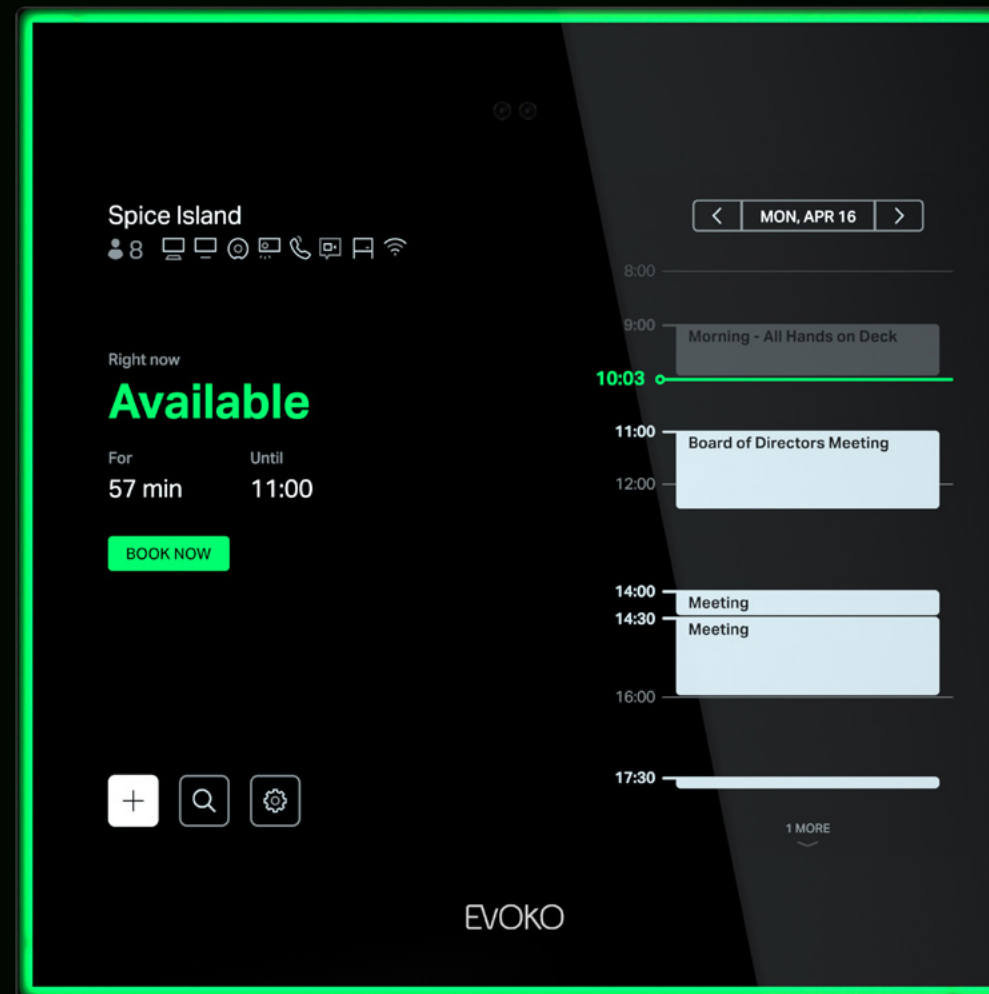

We pioneered the room booking market in 2009 and continue to build on the same recipe for success; excellent customer service, a global delivery network and certifications, and our aim to always have the most beautifully designed, easiest to use and smartest solutions on the market.

To do this, we keep on innovating, using a human-centered design process and together with strategic partners that are experts in their fields, create purpose-built hard- and software solutions for clearly defined end user needs.

Simply put, evoko brings you clever workplace solutions that increase efficiency and evoke a feeling of delight for the people who use them.

clever workplace solutions

Evoko takes workplace management to a new level of simplicity. Our flexible and fully integrated solutions allow you to achieve complete workplace coordination.

room booking

desk booking

visitor management

room booking

Two options are available so you can get the best room booking solution for your office.

Room Hosting

Our room hosting license for you who wants a solution for room booking with no fuzz. It includes cloud server hosting and all essential functions to manage your meetings such as booking of rooms, check-in to meetings and report broken room equipment. The room hosting license also comes with customer support, basic analytics and is sold per room to make it scalable to your needs.

Room services

Our room services license is the ideal solution for those needing more sophisticated functionality. It includes access to the naso mobile app and Outlook add-in, identification through RFID or pin codes possibility to add maps and lots more.

room booking

Placed outside your meeting room the naso room manager display simplifies and elevates your workspace.

Book meetings

Book instant or future meetings straight on the display outside your meeting room.

Room status

Three status colors showing room availability. Clearly visible from a distance.

Manage bookings

View and edit existing bookings.

Check-in

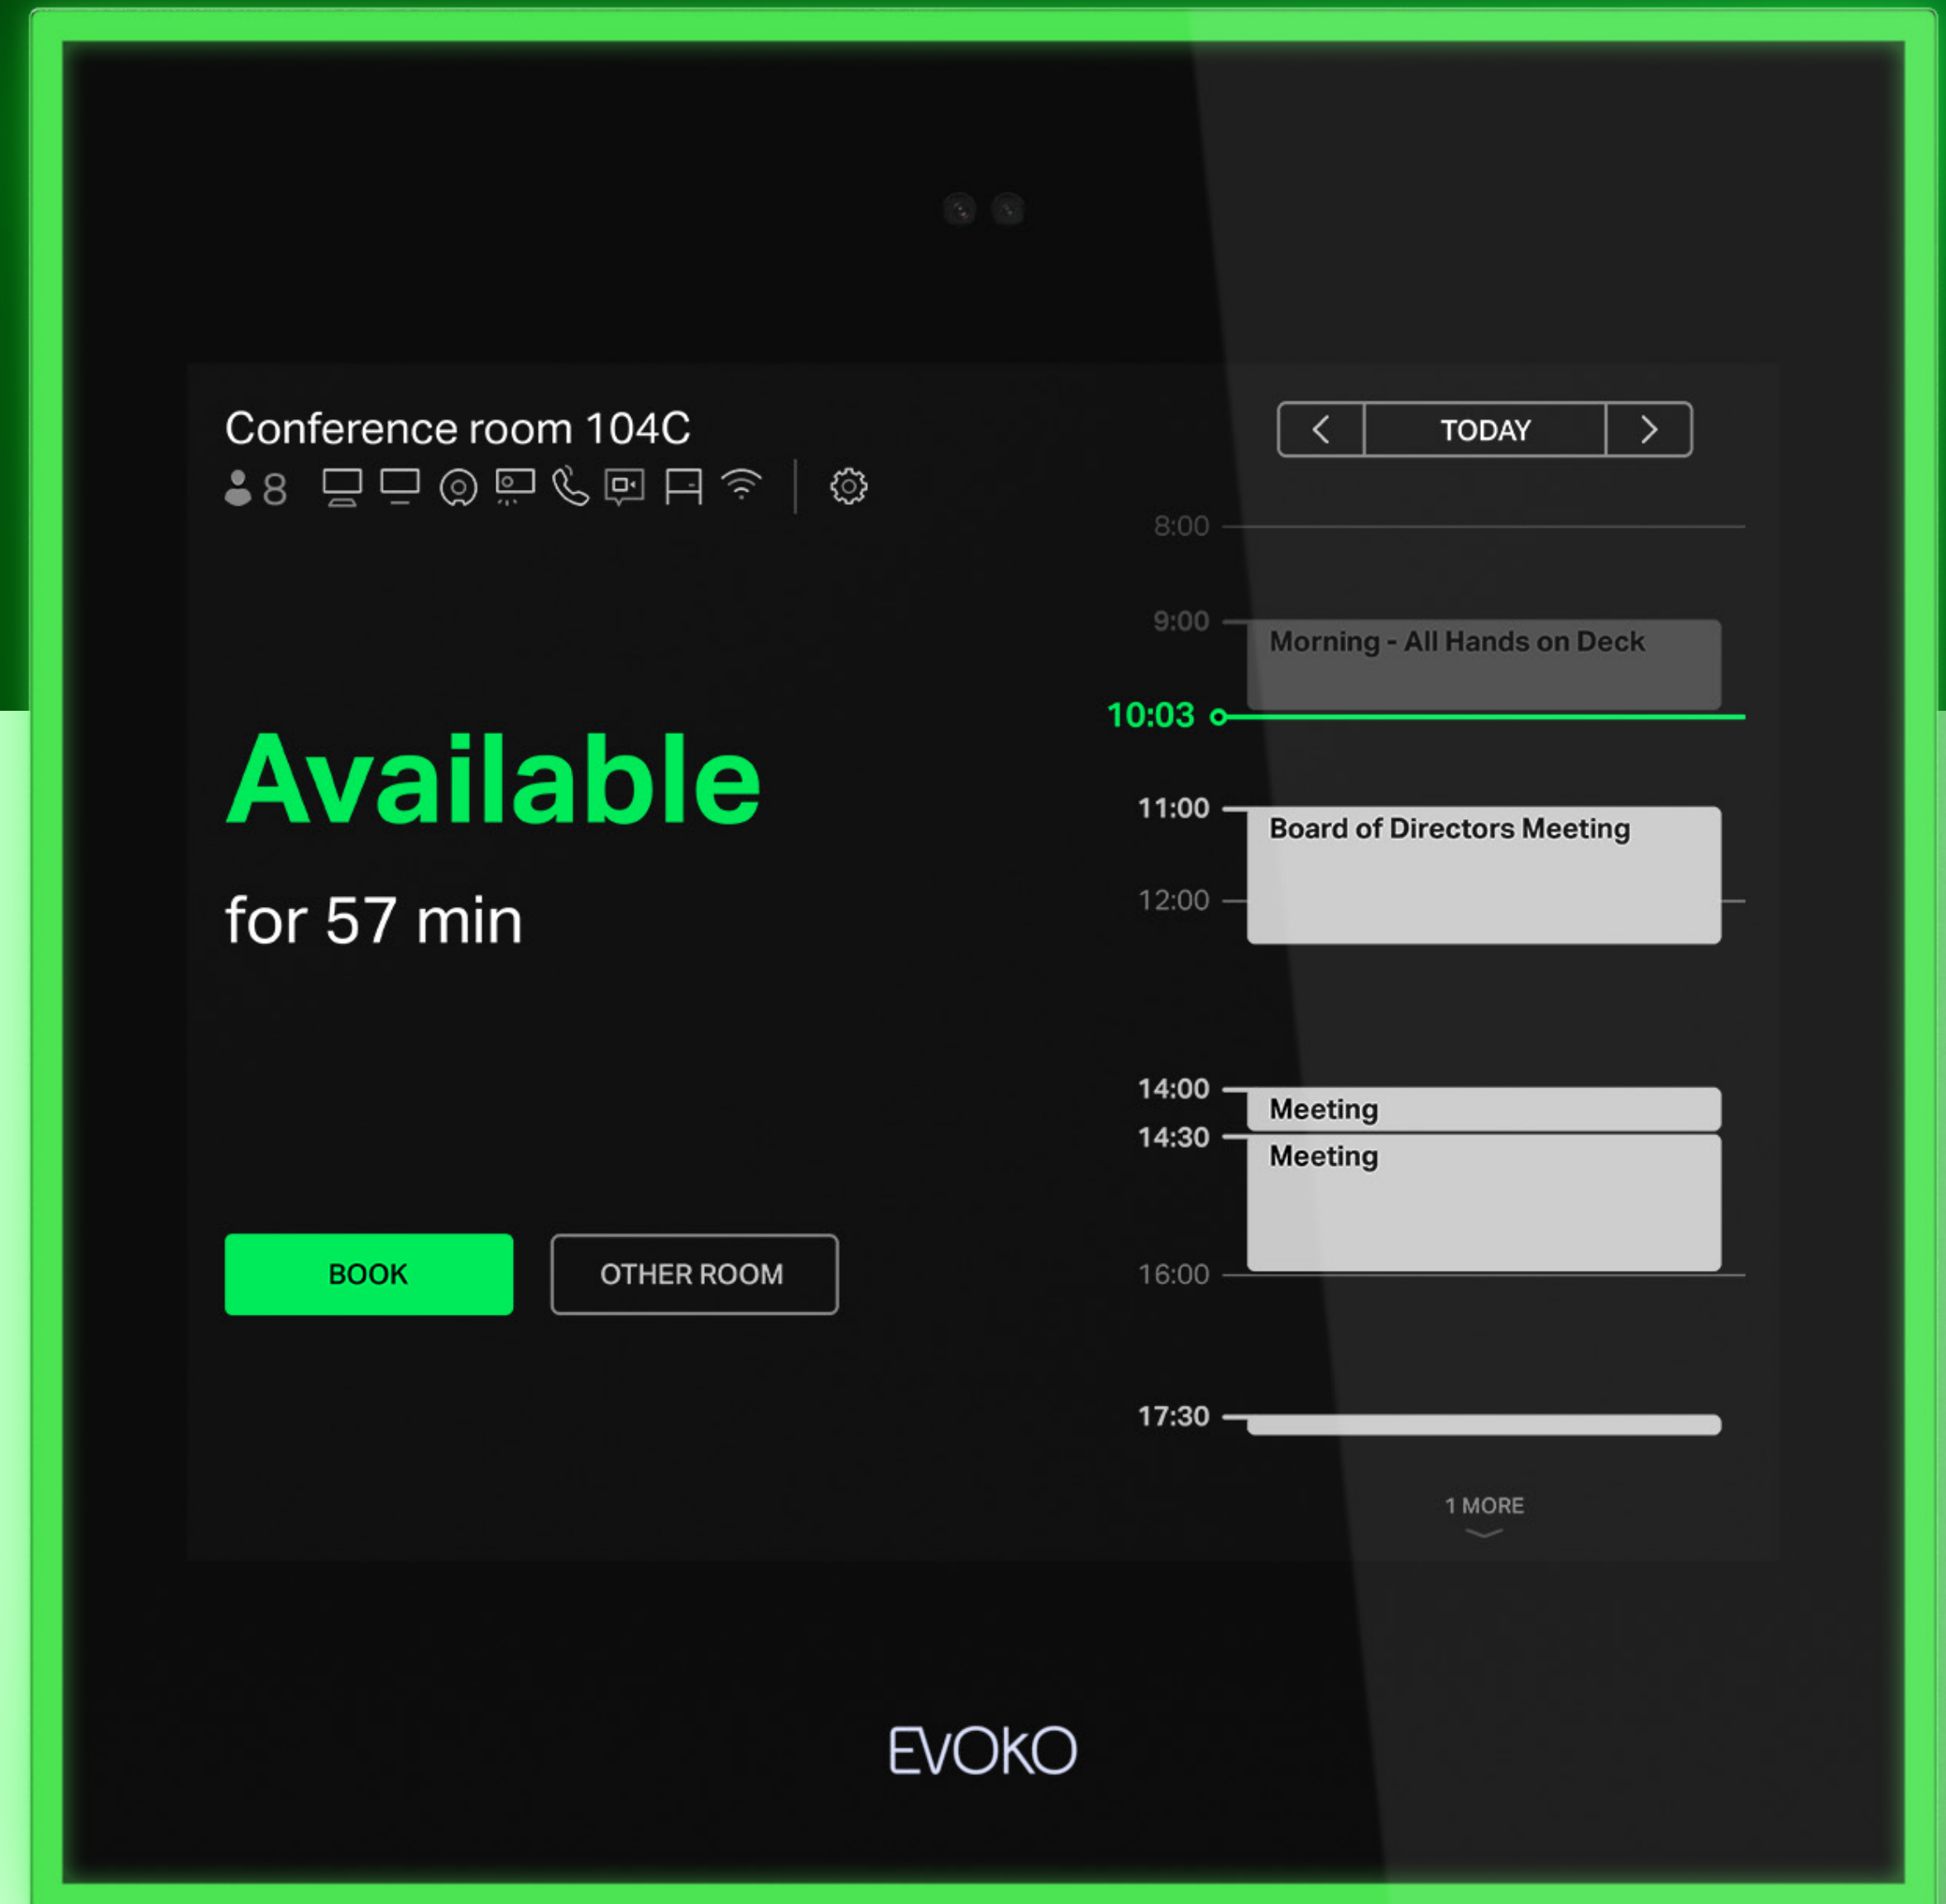

Check-in to meeting before entering the room. Automatic cancellations for no-shows.

Installation

Easy to install and set up with Microsoft 365 integration. Can be mounted on both standard and glass walls.

Service

2-year warranty and faulty equipment can be reported on the display.

desk booking

With desk booking, you can easily find and book a desk, or search for where your colleagues are scheduled to work for the day.

Flexible booking

Search and book desks using the naso mobile app or Outlook Add-in. Depending on your needs, desks can be booked in advance or at arrival.

Find a colleague

Collaborate with co-workers by finding a colleague's booked location.

Maps

Maps lets employee's view floor plans, and find the way to their desk.

Location preferences

When searching for desks, preferred locations will appear first.

Notifications & alerts

Real-time notifications and reminders for bookings, check-in, and cancellations for no-shows.

Manage bookable desks

Depending on your needs, desks can be booked in advance or at arrival.

visitor management

Visitor management interacts with your visitors to automatically identify them and notify the host of their arrival.

Pre-screening

Provide social distancing information and ask pre-arrival questions before guests arrive on site.

Quick sign-in

Quick sign-in process provided by AI-powered facial recognition. Visitors can also sign in on arrival using a given code.

Badge printing

Optional printing of visitor badges with photos can improve security.

Dashboard analytics

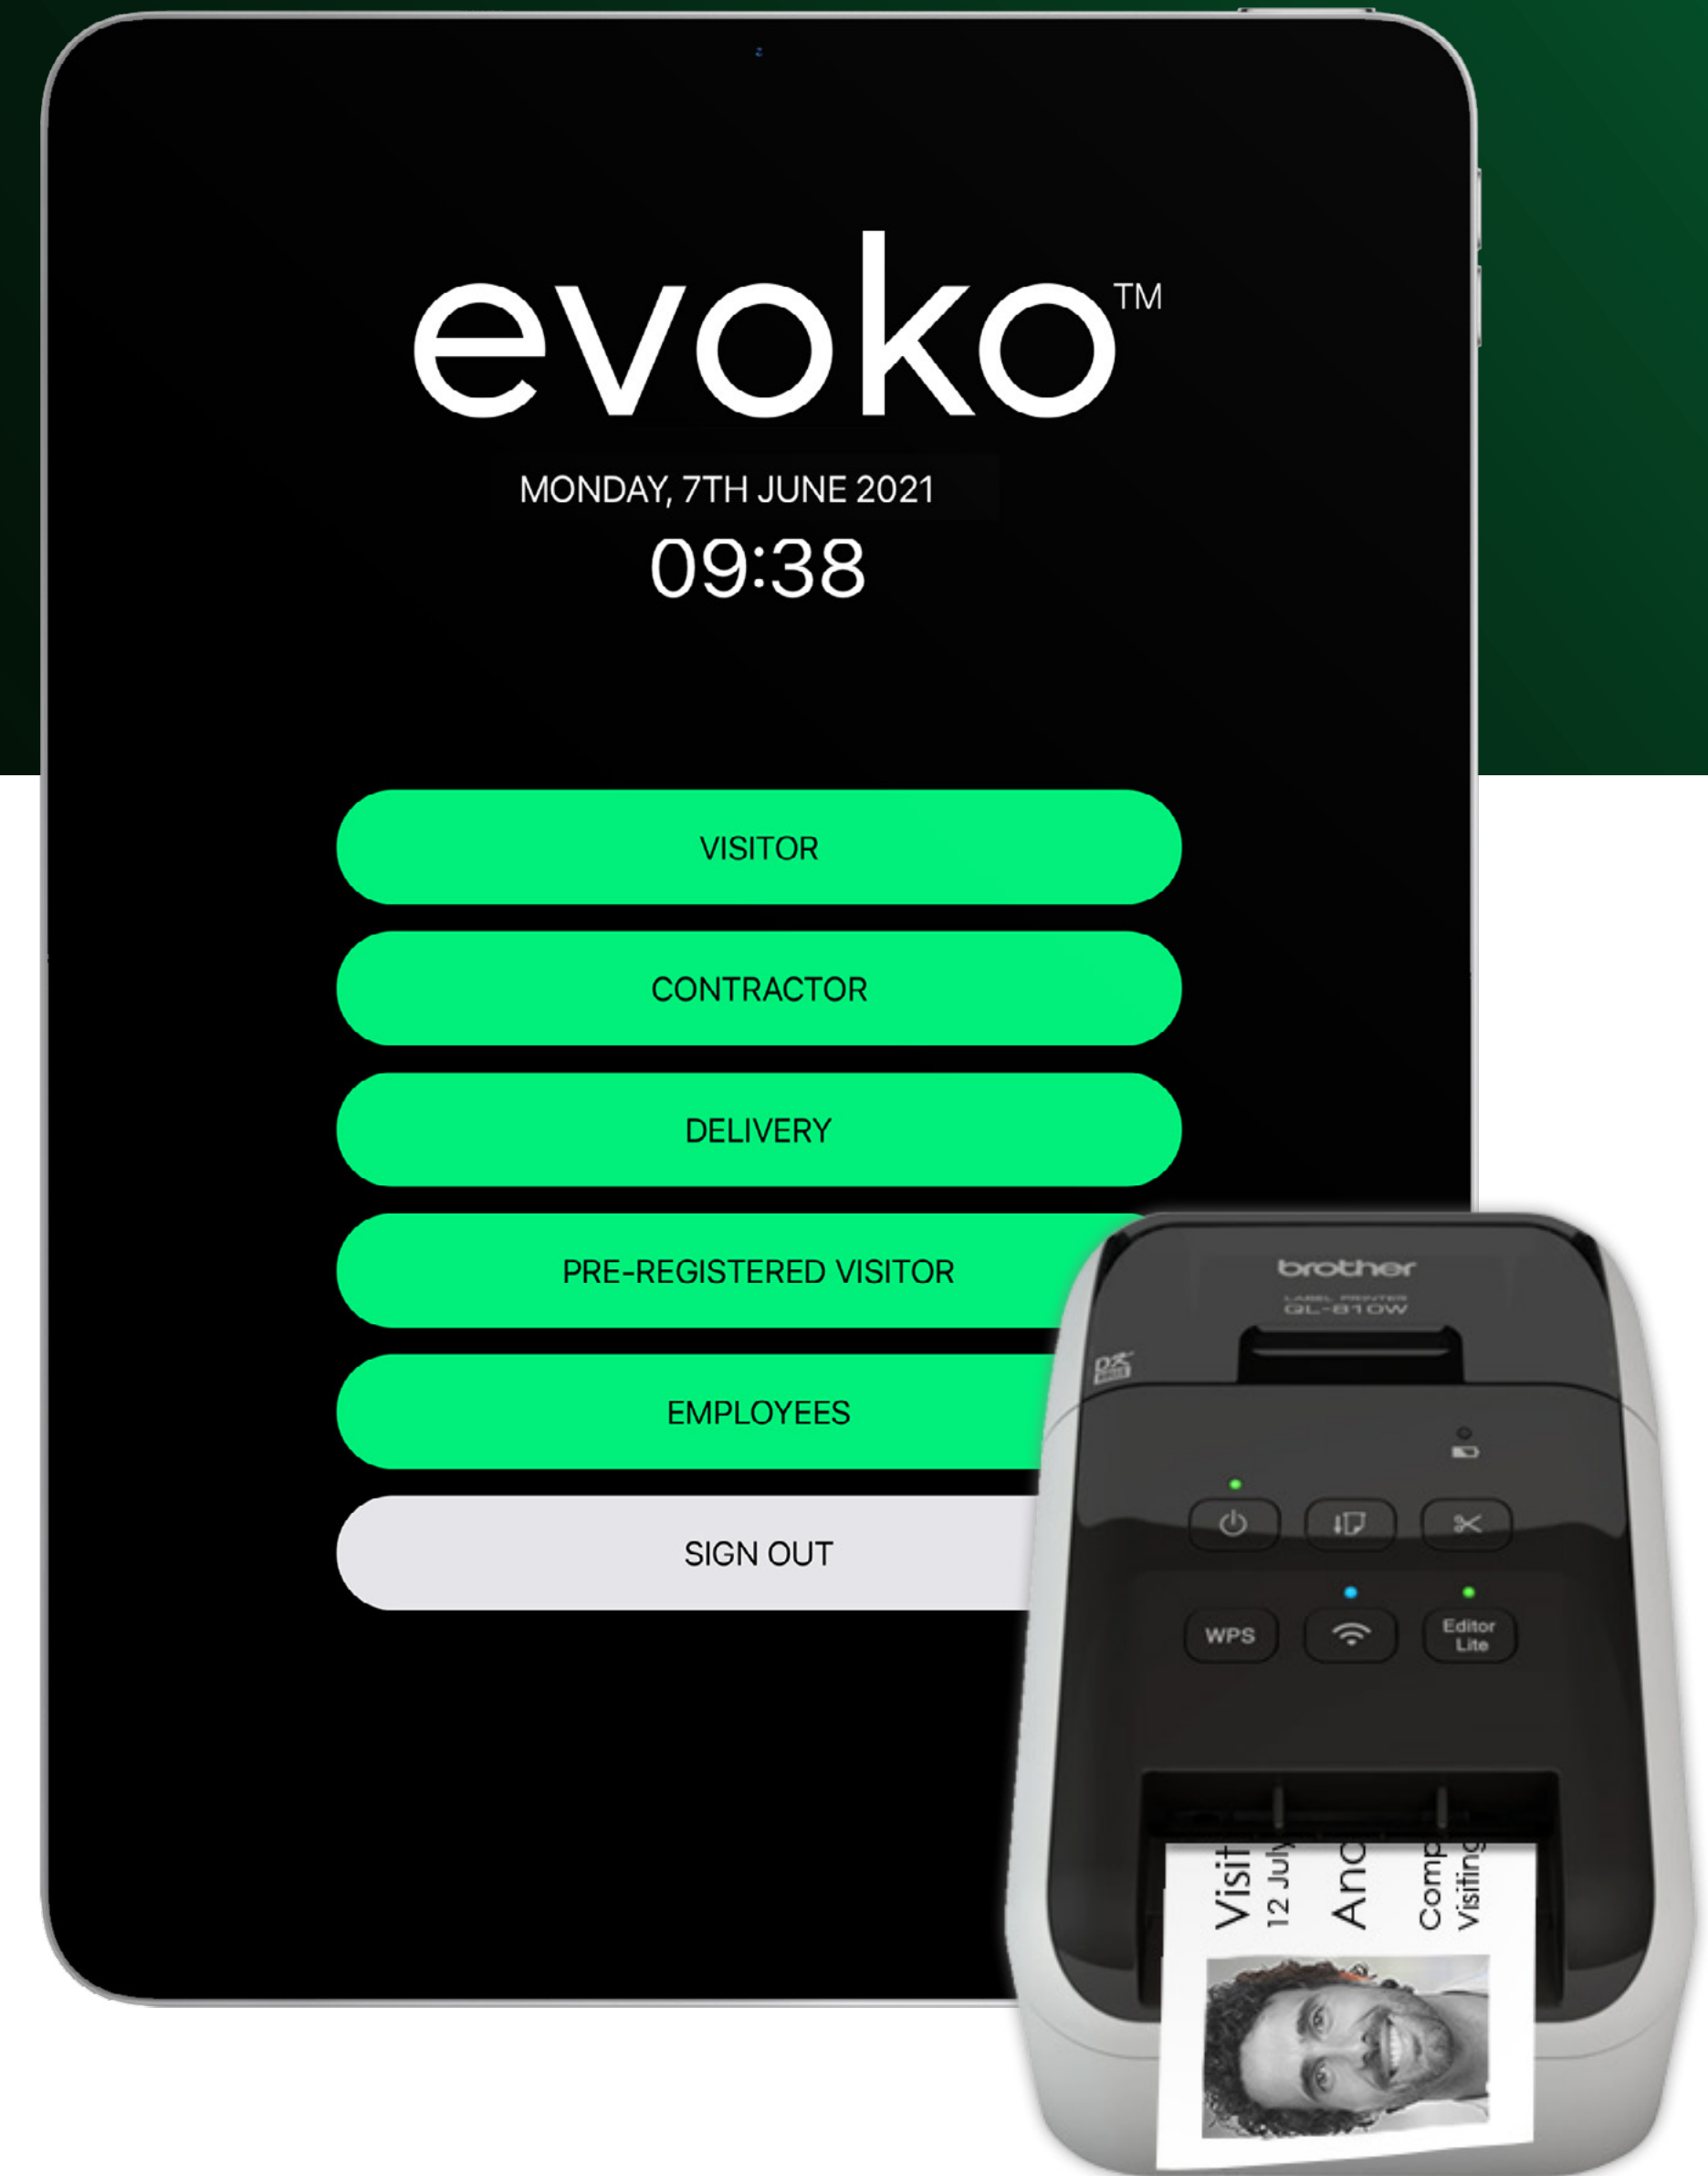

Understand visitor behavior with detailed reports, including critical contact tracing information.

Customizable branding

The guava app is compatible with iPad for easy setup and quick deployment, and can easily be customized for your brand.

Real-time notifications

Alert hosts via email when visitors arrive.

naso mobile app

The naso mobile app is the companion app for naso, available with extended room booking and desk booking as well as for visitor management.

Easy booking

Depending on your needs, desks and rooms can be booked in advance or at arrival.

Mobile check-in

Use the mobile app to easily and automatically check in to the meeting.

Visitor registration

Easily register visitors through the app.

Find a colleague

Collaborate with co-workers by finding a colleague's booked location.

Location preferences

When searching for desks, preferred locations will appear first.

Manage bookable desks

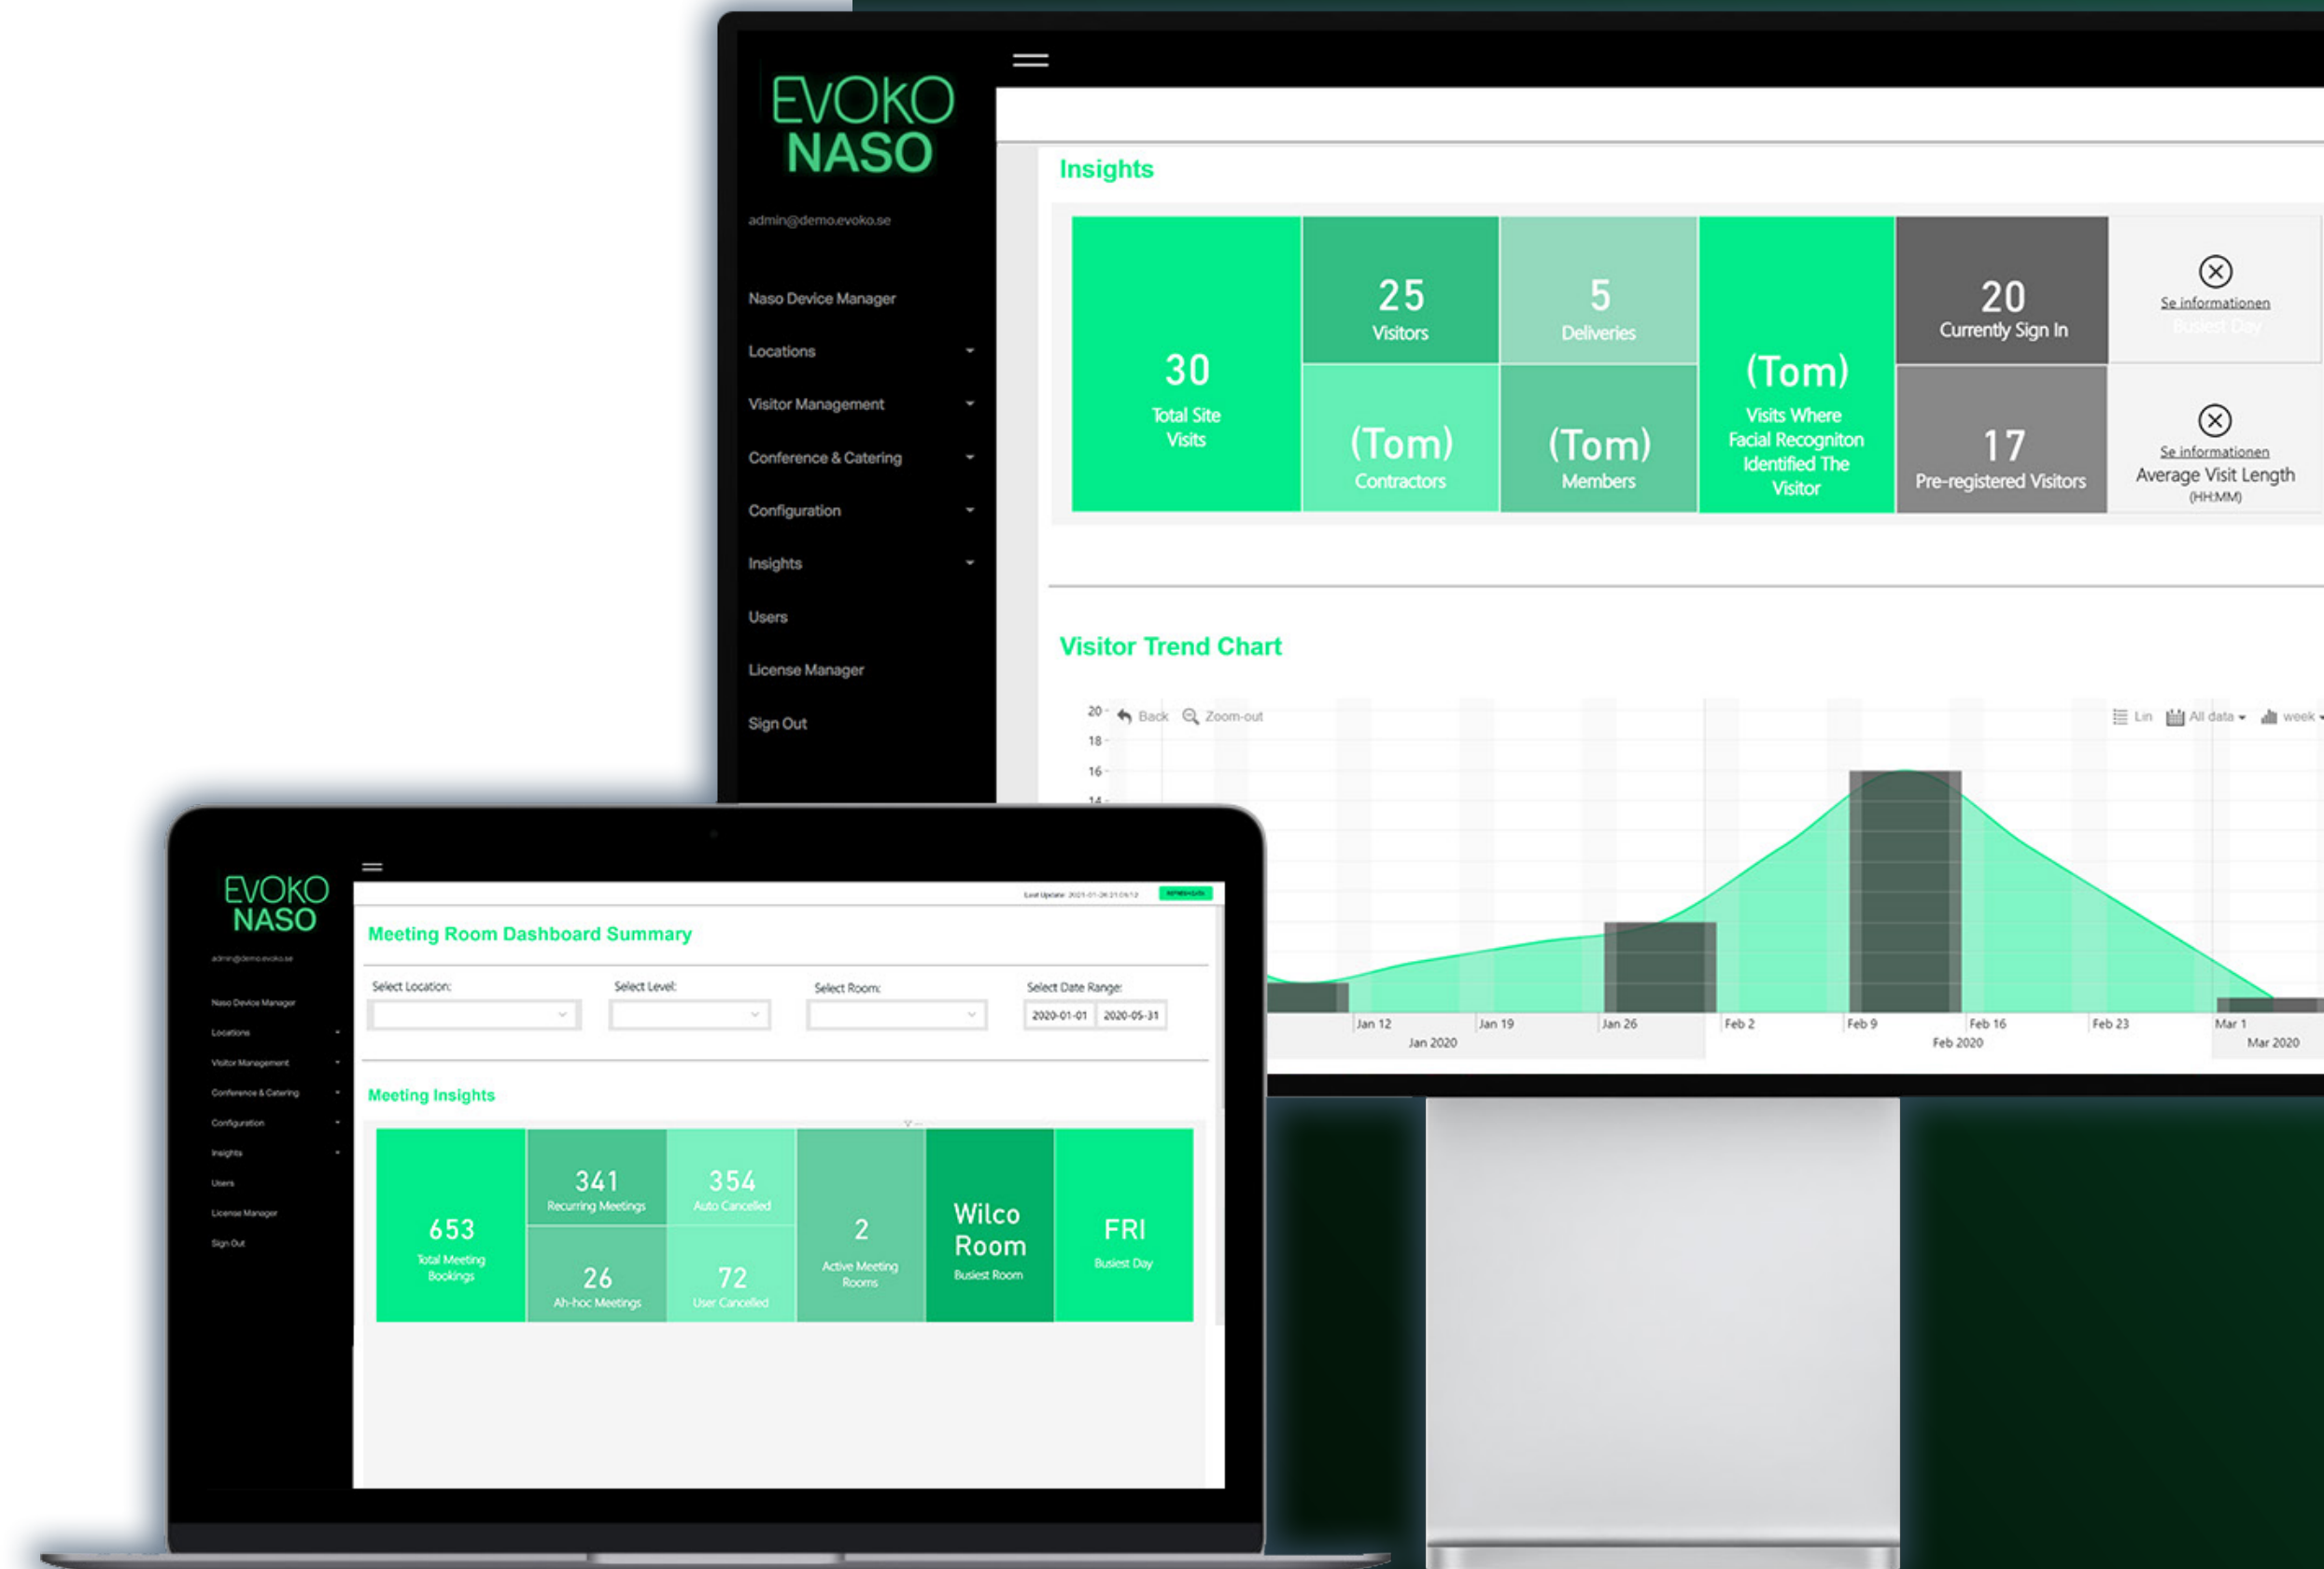

Pre-determine what desks can be used and booked.

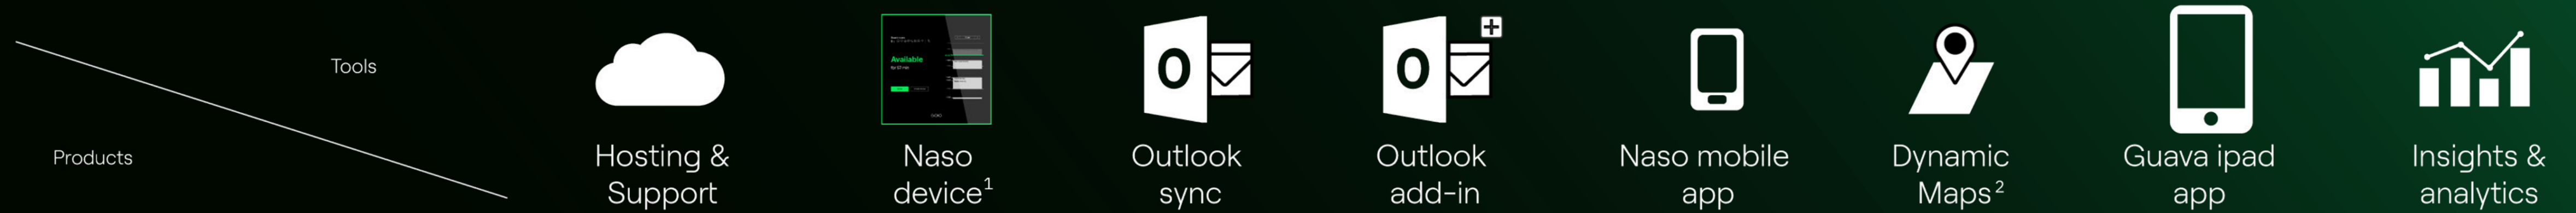

insights & analytics

Maximize the potential of the building with insights reports into many aspects of space utilization within the office such as desk and room usage reports, to visitor management.
